## TIPS TO ENSURE EAR HEALTH

- Clean, dehumidify and sanitise hearing devices daily
- Dry your ears well after swimming or showering
- If you experience discomfort, use a lotion, spray or gel
- Carry cleaning wipes, for on-the-go care
- Get your ears and hearing checked regularly

**Earol**  
Soften earwax using Earol, a pharmaceutical-grade olive oil proven to dislodge earwax build-up. **£8.00**

**Audiclean**  
Reduce wax build up and clean your ears with Audiclean. Use this product regularly to keep ears clean and clear. **£13.00**

**Eargene Lotion**  
Relieve itching and irritation using Eargene lotion. Perfect for all hearing aid users, Eargene eliminates discomfort from prolonged use. **£7.00**

**Otoferm Cream**  
Experience easy hearing aid insertion, increased comfort and improved sound with Otoferm cream lubricant. This silicon cream forms an acoustic seal to reduce feedback. **£7.50**

**Audinell Gel**  
Fitting and removing hearing aids is easier with Audinell gel. This product reduces dryness and irritation, for improved comfort. **£3.50**
